Mahmoud Mohamed

FRONTEND ENGINEER

Egypt - Cairo | +201125948712 | mahmoudabbamalik@gmail.com | Linkedin | GitHub | Portfolio

Objective

I'm a front-end engineer with 2+ years of experience, specializing in React.js, Next.js, JavaScript, and TypeScript.
I build responsive, high-performance web apps that align with business goals.
I also integrate AI tools like LLMs and AI agents to boost development and user experience.
Focused on speed, scalability, and clean code in fast-paced startup environments.

Experience

Frontend Engineer at LAUNCH WORKZ   **11/2023 - Present**

- Convert 100% of UI from Figma to code by using front-end frameworks like React.js - Next..js
- Work closely with the backend team to deliver features with fewer issues and free bugs
- Reviewing the code for team members' special fresh developer and provide advice
- Identifying corner cases in certain features for the other team and sending them notes

Education

SOHAG UNIVERSITY - (IT department)   **2019-2023**

- Bachelor's Degree in Computers and Artificial Intelligence
- Department: Information Technology
- Grade:very good
